FROM MR. SAMIR MODI'S DESK

Dear Family,

The world around us has changed with the pandemic and these have been the most challenging times for our country and the world at large. I am very happy and proud that despite of these unprecedented and difficult times, we as a family have stood together and accomplished a lot.

While these are uncertain times, 2021 marks a major milestone in our Azadi journey, as this year we are celebrating our 25th Anniversary. Our Azadi journey started on 30th March 1996 with one consultant, 7 products and 1 office in Rajouri Garden, New Delhi. I am proud to say that together we have now become a 50,000 strong family, with over 300 products & 775+ skus across 14 categories, 50 Modicare Lifestyle Centres & Success Centres and over 10000+ distribution points. This could not have been possible without all the love, support and the hard work each one of you have put in building your company.

Today we are giving Azadi to millions of Indians. 3 lakh new family members are joining us every month and this further strengthens my belief that we are on the right path. Our compensation plan has been the backbone of our success and the SMAP Unlimited had made our Modicare opportunity even more stronger.

Even during this pandemic, we have not let anything come in the way of Azadi and have quickly adapted to the 'New Normal'. Our ability to adapt change fast and work proactively, even under most adverse circumstances is the reason for our success - why we continue to grow at such a fast pace. We believe in one another and as a family work hard and remain positive in an atmosphere of gloom. All this could not have been possible without your belief in my philosophy of 'Soch Badlo, Khudko Badlo, Duniya Badlo'.

I am so proud of what each of you has achieved and this is just the start. This year, apart from being our Silver Jubilee year, will also mark the beginning of a new and important chapter in our journey. We will be taking Modicare's legacy of empowering people, to the world with the launch of Modicare UK.

In India, we will continue to build the business by introducing world class products, new digital & training initiatives, upgrading our MSCs to Modicare Lifestyle Centres and much more.

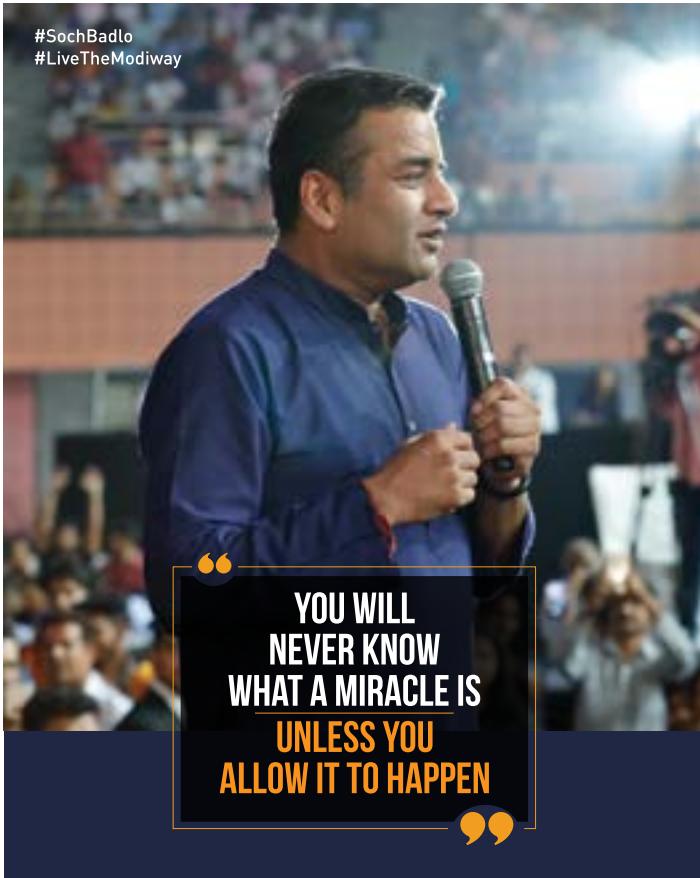

Thank you so much for believing in me and your company Modicare. Your love for me, means more to me than you can ever fathom. It is this love and belief in me that fuels my effort to dream bigger and achieve the impossible.

I am 100% committed to making your dreams come true and will always do my utmost to make it happen. Jai Hind!

Love always,

SAMIR MODI
Founder & Managing Director

COO'S MESSAGE

Dear Friends,

Congratulations to each of you for the glorious 25 years of Modicare. Clearly, #25SaalBemisaal.

This 25th year was truly exceptional in many ways. While 2020 has been the year of pandemic across the world, but for Modicare's consultants, it's been one of the greatest years as far as their business is concerned. With 25 lac new joinees in 2020, a massive portfolio of over 700 SKUs, nearly 1.8 lac Director & above titles, we are all set for yet another fantastic year ahead.

Not surprisingly, 2021 began with a big bang in Jan-Mar & despite the mayhem caused by the 2nd wave in April, the business continues to stay on a very strong momentum.

At Modicare we have been taking a different trajectory altogether, a trajectory of hope & dreams, clocking exponential growth all the way.

We have not just been saying 'While Corona shakes India, Modicare makes India', but Modicarians have proven this statement repeatedly during the course of the past one year.

The entire industry is taking notice of our strategy & the momentum we all have built together, towards Mr. Samir Modi's vision of 'Ghar Ghar Azadi'.

We have a series of path-breaking initiatives lined up in the upcoming months & that is expected to fuel this fire further....the fire of Azadi.

Our time is now! Let's join hands in our Azadi mission to change lives of our people & take our company to even greater heights.

Stay safe everyone!

Yours,

Rahul Shanker

Business

"Life doesn't get better by chance, it gets better only by change."

I am a businessman and my wife has a government job. We are blessed with two beautiful daughters Anubhuti and Abhineeta. We faced many obstacles in our life but our determination and persistence helped us to achieve success. In the beginning, we refused to work in Modicare due to our overconfidence in having many years of Direct Selling experience. Luckily, we realized our fault and also realized that Modicare was a perfect combination of world-class products, a highly rewarding marketing plan and a very experienced management.

Within a short time of working in Modicare, we got an impressive monthly income for which a person has to struggle for several years. Every month our business income kept growing and after 2 years we achieved a Hyundai Creta Car worth 21 lacs. It's an astounding experience to drive a

gifted car by Modicare. What's important to remember is that, "Consistency is more important than perfection."

We are fortunate to be a part of the Modicare family. We would like to thank our uplines Anup Sir, Amrita Ma'am, Rajesh Sir, Manisha Ma'am, Ravish Sir, Roshi Ma'am and all our downlines. Thanks to all from the core of our heart for their support which helped us to achieve this title. It is a great opportunity to achieve new heights of success.

"Never start Modicare business just to make money, start this business to make a difference and together we will make a difference."

Thanks to My beloved friend Late Mr. Chandan Pal who introduced me into Modicare business. My lovely wife Laxmipriya and I started the business in March 2017 in a systematic way. Fulfilling one's dreams is not easy but is definitely possible through Modicare. Hard work is the key to success but smart work is also required. Consistent action and persistence of positive thoughts is the secret of my success.

I was a simple housewife with a lot of dreams buried inside my heart. My husband was an engineer, and we were financially stable , yet I craved to do something unique but had no clear idea. All I knew that I always wanted to be a social worker. In 2007, I crossed ways with Modicare by chance and I did not know much about this business. All I knew was that to be successful in Modicare, we have to follow the guidance of the upline.

In this journey, I made my network with millions of strangers and faced a lot of hurdles but I cleared all of them with a strong belief in myself and in Modicare. Initially, I joined Modicare with the dream of foreign trips but gradually I achieved a lot more than what I had hoped. No matter, what day it was, what problems came my way, I always performed my duty faithfully. I also bought products, used them myself and I shared my experience with others.

The most important part was attending the meetings regularly. I always attended all the meetings and never missed any chance of gaining knowledge. When the Samir Modi Azadi Plan Unlimited was introduced, I made up my mind for achieving the Global Black Diamond Director title. There was also a constant support from my business partners, uplines and family. I am really grateful to God for bringing Modicare in my life. Samir Modi Azadi Plan Unlimited, is a well-designed and result oriented plan which makes it easier for us to build our team.

We are really delighted to be a part of the Modicare family. Our success would not have been possible without the support of our business partners. I am really thankful to my upline and elder brother Mr. Bipin Kumar Choudhury and all other uplines. We offer our sincere gratitude to Mr. Samir Modi and his management team.

We joined Modicare for financial freedom, passive income, recognition, foreign trips & to fulfil our cherished dreams. Modicare came as a blessing in disguise in our life 4 years back and changed our life completely & helped us to climb the ladder of success. Indeed, Modicare is a life-changing opportunity for all.

At first, we underestimated this opportunity due to our lack of vision but after the visionary growth we understood the reality of Modicare. We feel proud to be a part of Modicare. During our journey in Modicare business we faced a lot of problems like negativity, criticism, jealousy and many more but our purpose was bigger than the problems. Despite all the challenges and rejections we kept on working to fulfil our dreams.

Within 4 years of work, we have achieved the highest title of Modicare. Our motto of success is, "If you help many people with what they want, you will get what you want." Only positive attitude, commitment, dedication, burning desire, helping nature, professionalism, leadership quality, confidence, motivation, vision & coordination are the keys of

The winner is the one who keeps an eye on the opportunities and not on the problems. I was a simple housewife who had no knowledge about the outside world. I was introduced to this wonderful platform of Modicare by my younger sister. I started attending meetings and loved three things from there; knowledge, recognition and the ability to help others. I started using Modicare products and shared my experience with others. Initially, my husband was not ok with me doing this business but later after attending meetings, he also got inspired and supported me in every step to reach this goal. No doubt, all the Modicare products are of international quality but we loved the wellness range & agricultural products more and made that our main strength. We developed our personality and knowledge through online meetings during this COVID-19 pandemic. Overcoming the obstacles, finally we achieved the highest title of Global Black Diamond Director. Along with this we also got an opportunity to bring happiness in many peoples' lives. We

are so grateful to be a part of the Modicare family. Every person in this Modicare family has an motivating story to tell which inspires us to work harder. I would like to thank my business partners for being a part of my journey and my upline, guru & elder brother Mr. Bippin Kumar Choudhary for constantly guiding me and my all-time supporter, upline & younger sister Mrs. Sujata Choudhary. Also, thanks to the Modicare Management for always supporting us. A special thanks to our beloved founders Shri KK Modi and Shri Samir Modi for introducing such a powerful business platform for all Indians. Proud to be a Modicarian.

I have worked my entire life for almost 40 years. I was with my first job for 14 years then I switched to a finance company and worked there for 16 years. I even tried my hands at business for 6 years. By the time, I was 56 I had a loan of 10 lakhs for which I was paying interest. This was all before I joined Modicare. By the grace of God and my guruji I joined Modicare, and it didn't cost me a penny. Never in my life had I imagined that I could ever achieve what Modicare has given me. Foreign trips, car, house bonus and love of thousands of people. Modicare has made my life and has given me everything that I could have wished for. We are from Kolkata and we joined Modicare in May 2016. Earlier, we were working in a private company but it shut down in 2014. That was one of the worst times of our lives. We both were confused and mentally depressed. We could not find any way to survive from that situation. At that time, Mr. Chandan Chatterjee invited us to join Modicare and we decided to join wholeheartedly. We were working together for just fulfilling our basic needs but after one year we became millionaires achieving luxurious car and four international trips. Throughout our Modicare journey, life changed in profound ways. Extremely thankful to Sanjay Bagaria Sir, our mentor and everything. Saying thank you is not enough for us to express how grateful we are for your support over the years. Our heartfelt gratitude to Mr. Samir Modi for changing our life.

Anita Verma

I was a simple housewife and my husband was working as an advocate in Rajasthan high court. During our struggling days, my husband used to do door to door marketing along with his law studies. After completion of his studies, my husband started legal practice as a junior advocate without any pay. It continued for 5 long years and put us in big debt. However, we never lost our hope and continued to search for an opportunity to change our life and fulfil our dreams.

It was at this stage of our life that Mr. Tarun Bajaj, our great mentor and upline, introduced us to Modicare. We joined the business after seeing its high-quality products range, affordable product prices, high income business plan, great working atmosphere, Modi family's legacy and Mr. Samir Modi's vision for providing financial security to each and every Indian. We joined Modicare business with a big vision that we will fulfil all our dreams using this platform.

Within a short time in Modicare, we achieved four cars. Our first car was a Maruti SX4 which we achieved through a contest in just 5 months of joining Modicare. After that we achieved a Hyundai Elantra top model from our dream

vehicle fund. My husband then gifted me a small hatchback car for daily use and most recently we achieved our dream car, Volvo V90 Cross Country. Modicare has fulfilled all our dreams and we live a celebrity lifestyle. Now we are even helping others to achieve their dreams. Today in our team, there are many leaders who have achieved their dream luxury cars and living a life of significance.

Thanks to Mrs. Kanika Bajaj & Mr. Tarun Bajaj for introducing this wonderful business to us and all our uplines for their unconditional support, guidance and mentorship. We thank our lovely teammates for believing and working hard with us. We thank the entire Modicare Management and our godfather Mr. Samir Modi for creating such a wonderful business opportunity for all Indians so that they can fulfil their dreams and achieve financial freedom.

My wife Achala Tripathi and I have been together building our Modicare business for the last 5 years. We were trying to grow my traditional business for the last 22 years using a variety of businesses. Some of them that we owned were a tractor agency, three-wheeler agency, car workshop, poultry business, finance business, and FMCG business. My wife had been in a government job for 22 years and was also doing well in the medical field. There was a big income in our family along with good status. From the very beginning, we had always seen 5-7 cars in our house. Starting with my grandfather who had a Baby Austin car in 1960. My father is also very fond of cars and I didn't realise when I also picked up the same fondness for cars. I used to dream of having big cars parked outside my house.

When I started my business, I used to come on a Bajaj scooter then slowly progressed to a Tata Nano. In 2015, Modicare came into our life and within 10 months we achieved our first car, Tata Zest which we gifted to my Mom and Dad on their wedding anniversary. Later, on our wedding anniversary, we bought a Ford Endeavour through Modicare. We had grown up seeing luxury cars since

childhood and now it was time to buy such big cars of our own. On 26th February 2021, it was a historic day for our family when Modicare gifted us a Jaguar XF top model luxury car. This was the first such car in our city. Now, people can see that this has been possible due to the power of Modicare business. Now they know that the direct selling industry can fulfil all the dreams of an individual. Next, we are aiming for a Rolls Royce's Phantom car from Modicare. We are certain that everything is possible and we will achieve it very soon.

We sincerely thank Samir Modi Sir for all this happiness and for all these achievements. Also, thanks to Balaji Bhagwant, our parents, family and both our children Gevish & Nidhish. Thank you my team and the Modicare Management for supporting us in this journey.
